IPSASB International Public Sector Accounting Standards Board

- IPSASB monitoring stakeholder input for where 'technology' support may be useful. Currently no dedicated ongoing/identified initiatives raised by stakeholders. Monitoring continues.
- Monitoring potential developments on intangible assets (which could include software and other technology-related assets) at the International Accounting Standards Board. The IASB chair mentioned the topic at a standards-setter conference in September 2021, but no formal additions have been made to their work plan.
- <u>"2021 Call for Papers- Financial Reporting Impacts of Digitization in the Public Sector" -</u> No qualifying entries were received on this topic. (December 2021)
